President's Welcome Message

Dear Cornelians,

A warm welcome to Philadelphia, the city of brotherly love and sisterly affection. We made it!

It has been two years since we last gathered in Los Angeles, no thanks to COVID-19. During this time, we have been through a lot, both individually and collectively. My heart goes out to all the sisters who have lost loved ones and friends. May God continue to comfort and heal you and your families.

The challenges of these last two years have deepened our faith, trust in God and our love for one another. For that, I am forever grateful. I am especially thankful to you Cornelians who individually and through the Care Team, opened your resources and showed up in a big way for one another. It has been a love fest and a great demonstration of strong sisterhood. Excellent job Care Team! May our bond continue to grow even stronger.

The pandemic may have caused delays, but we were still able to deliver on our projects. The Association completed the delivery of pews, an altar and lectern to the brand-new school chapel. Many thanks to our project team, our Nigerian ambassador, Dr. Ini Usoro, our donors and all Cornelians, for bringing these projects to completion.

In April 2020, we made monetary donations in support of food banks in Georgia, Florida, Texas and Tennessee. Our back-pack program is also back with presentations in Michigan and Texas. Our scholarship program has been a huge success, thanks to the leadership of our MVP (Madam Vice President). We have come a long way. Having just visited the school, I know that more still needs to be done.

I owe a debt of gratitude to my cabinet members, all committee members and to every Cornelian for making this reunion possible. We need all hands on deck because, together, we can accomplish much more. Therefore, let's have fun and raise funds! Have a joyous reunion!

NOVEMBER 12TH - 14TH, 2021

ABOUT US

OUR MISSION

To promote girl education globally by expanding access to quality education in under-served communities in the cities where we live in the United States and Canada, and in Nigeria. Since we are an alumni association, our emphasis is on contributing to the rehabilitation of the academic and physical infrastructure of our Alma Mater, Cornelia Connelly College, Uyo, Nigeria. We are also involved in mentoring and serving as role models for young girls, while building multi-generational networks of friendship and sisterhood among our members.

OUR VISION

Our vision is to work actively through our fundraising projects, advocacy and awareness programs to provide school supplies to students in our cities of residence. We also aim at contributing to the rehabilitation of Cornelia Connelly College, Uyo, Nigeria so that it will become once again a premier public secondary school for young girls in Nigeria, particularly in the southeastern region. Indeed, we envision that the school will surpass its former glory because of new technologies and other resources that are now available to enhance learning and create an environment where girls can dream for a better future for themselves, their families and community. As we grow in membership and resources, we plan to expand our advocacy for quality education for girls to other under-served communities.

OUR STRATEGIES

- * We organize reunion and fundraising weekend annually to raise funds for specific projects, as determined by the expressed needs of the communities that we serve.
- * Interactions with current students of CCC to motivate them. Also, ceremonies to unveil completed projects provide additional platform to engage with the students.
- * Monthly meetings via teleconference and in-person meetings every November for a reunion weekend. Though our members range in ages from the 20s to the 70s, we interact with each other throughout the year. We provide support in times of joy (graduation, births, wedding, etc.) and sorrows (sickness, bereavement, etc.).

Loving and Caring for Our Sisters!

On behalf of the Care Team, I want to thank everyone for demonstrating what love is all about in this Association.

When our sister Edna Malaki celebrated her birthday this year, she had a burden to help our sisters who were going through a devastating snowstorm in Texas. She came up with a birthday initiative in which she contributed \$250.00 to the Care Team purse and asked for our support. We responded heartily and that action generated some \$3000.00 for the Care Team purse. Seven of our sisters who were adversely affected by that snowstorm benefited from that expression of love.

Before then a sister had donated \$400.00 to help a sister who was going through pandemic-related financial hardship. One of our sisters was a beneficiary of that gesture of love. Funds from the care purse were also used to buy fruit baskets for our bereaved sisters. Thank you sisters for your demonstration of love. May God bless us all.

Members of the Care Team (From top, clockwise): Ms. Colette Atiata, Ms. Victoria Essien, Ms. Ekaette Udofia, Ms. Imeh Ekasi, and Ms. Patricia Okon.

Mission Accomplished – From the Rooftop to the Pews and Altar

The “chapel” in the not-too-distant past!

We have done a lot of things in our alma mater since we became organized as the CCC Old Girls Association, USA/Canada (tax-exempt incorporated in the State of Arizona). We have provided funds for dining hall benches, donated a generator, computers and accessories, double-bunk beds, and scholarships to students. Each of these projects is a thing of pride for us and gratitude to our financial supporters. However, the completion of the chapel project is a source of immense pride. It is our magnum opus.

Through the sacrifices of our “girls” and the generous donations from our supporters in the USA and Canada, we raised money for the roofing of the chapel, construction of the beautiful altar and pulpit (lectern), the pews. The chapel project cost nearly \$9,000, a satisfying sacrifice that has ensured that the CCC chapel is once again a safe place of spiritual and emotional fulfillment for current Cornelians.

Our Public Relations Officer, Ms. Mfon Ekpo (Class of 1985), during a visit to the chapel in August 2021.

Serving our Communities

As part of our commitment to serve society and improve the human condition, we make annual donations to schools in our communities. This year, we have donated school supplies worth more than \$600 to schools in Michigan and Texas. Also, in response to the need created by the COVID-19 pandemic and the subsequent shutdowns, we made cash donations of \$1,020.93 to four food banks in Georgia, Texas, Tennessee and Florida.

Our Public Relations Officer, Ms. Mfon Ekpo (second from right), and Ex-Officio Member, Ms. Carol Okon (second from left), present school supplies to Finch Elementary School in McKinney, TX. Receiving for the school are Mrs. Hayde Blando-Martinez, an instructional specialist (first from left) and Mrs. Erika Echegaray, the principal, (first

Our Association Secretary, Ms. Victoria Ekanem-Adah (left), presents school supplies to Ms. Winifred Nwankwo, a senior instructional coach, at Detroit Service Learning Academy, Detroit, Michigan.

In response to the COVID-19 food scarcity crisis in 2020, we donated money to food banks across four states.

Scholarship Awards ... and a Luncheon!

At the end of the 2019/2020 academic year, we presented cash donations of N30,000 and Certificates of Excellence to the best students in SSS3 and SSS2 in each of the following categories: Arts, Commercial and Science.

First-placed students in SSS1, JSS3, JSS2 and JSS1 in each category also received N30,000. Second-placed students received 20,000 while third-placed students received N10,000. Cornelian Aniefiok Udoh (Class of 1979) presented the items on behalf of CCC Old Girls Association, USA/Canada. The principal at the time, Mrs. Grace Ekwere (in a blue dress in the left photos), officiated at the ceremony.

These awards were repeated at the end of the 2020/2021 school year for the best achieving SSS3 students in Arts, Commercial and Science categories. Cornelian Iniobong Affiah (Class of 1979) presented the awards on our behalf. Achieving students in the lower grades (SSS2 to JSS1) will receive their awards and certificates during the award assembly on November 27, 2021.

To ensure that students who did not receive awards were not left out of the celebration, the entire student body (at least those present on campus at the time) were treated to a delicious catered lunch. In an old Nigerian phrase, “rice and stew (was) very plenty” (RSVP). We acknowledge the contributions of Cornelians in Nigeria and elsewhere for their donations toward the feast. We thank Cornelian Ekaete Nta (Class of 1979) for coordinating the event.

Cornelian Aniefiok Udoh (Class of 1979, in the green dress) presented the cash and Certificates of Excellence to the students.

The award ceremony was followed by a catered lunch for all the students.

The joy and love they give us!

We have worked hard to contribute to the efforts to rehabilitate the physical infrastructure of our alma mater. But we don't only give: we receive from the girls too. Visiting CCC and seeing the light and hope in the eyes of these girls make us feel like little girls again. They give us so much love and joy. We celebrate them, our future leaders. Keep the light burning, Great Cornelians!

Dr. Patience Akpan-Obong (Class of 1980) shares a delightful moment with current Cornelians during a visit to the campus in October 2021.

Vaccines for COVID-19

What You Need to Know

- **COVID-19 vaccines are effective at helping protect against severe disease and death from variants** of the virus that causes COVID-19 currently circulating, including the Delta variant.
- **If you are fully vaccinated** you can resume many activities that you did before the pandemic, but you should wear a mask indoors in public if you are in an area of **substantial or high transmission** to maximize protection from the Delta variant and possibly spreading it to others.
- You may have **side effects** after vaccination. These are normal and should go away in a few days.
- [Learn how to find a COVID-19 vaccine](#) so you can get it as soon as you can.

COVID-19 vaccines teach our immune systems how to recognize and fight the virus that causes COVID-19. It typically takes 2 weeks after vaccination for the body to build protection (immunity) against the virus that causes COVID-19. That means it is possible a person could still get COVID-19 before or just after vaccination and then get sick because the vaccine did not have enough time to build protection. People are considered fully vaccinated 2 weeks after their second dose of the Pfizer-BioNTech or Moderna COVID-19 vaccines, or 2 weeks after the single-dose Johnson & Johnson's Janssen COVID-19 vaccine.
